Dear Parents and Guardians,

Allamuchy Township School District is excited to announce that New Jersey Children Assault Protection (NJ CAP) will be presenting workshops to our students about Bullying Prevention. This was a board of education approved program that will empower our students to be "Safe, Strong and Free". This was a grant funded program through the state that was applied for back in May. All of our students will be receiving this information.

The workshops will teach our students to stand up for themselves and others, understand why bullying happens, recognize the consequences of bullying and how to prevent it from occurring. All information will be presented in an age appropriate discussion with trained professionals.

Workshops will begin October 22, 2024. Kindergarten through 5th grade will have two workshops presented over two days that will last approximately 90 minutes. Middle School workshops will be two days, lasting 40 minutes. The schedule may change if there are any conflicts, but as of now:

Kindergarten/Mr. Poff's Class: 10/22 & 10/23

Second Grade/Mrs. Muhlenbruch's class: 10/24 & 10/25
