Allamuchy Community,

We understand that this has been a difficult time for many with the news that was delivered to students and staff on Thursday. This is not something that is ever easy to process. The Allamuchy School would like to invite you to a presentation hosted by Grief Speaks. Lisa Athans, a grief recovery specialist, will be discussing how to help children navigate through the grieving process in this difficult time.

All adults, parents, guardians and staff members are welcome to attend. If you would like to join us on Tuesday, December 10, 2019, we will be meeting at 7:00 pm in the Mountain Villa School Great Room.

Below are some resources available to you if needed:
