25 November 2020

Dear Parents and Guardians,

Just a reminder that we will continue with fully-virtual learning from November 30 to December 11 following our 9-period-abbreviated schedule which can be found [here](#). During these two weeks, the district will continue to evaluate public health data and recommendations from our local health department and plan for a return to in-person instruction accordingly. Our aim continues to return to the in-person hybrid model on December 14 as long as the data indicates that this is an appropriate course of action. This decision will be made and communicated by December 11. Our region continues to remain in the “High Risk” (Orange) category on the New Jersey Department of Health COVID-19 Regional Risk Matrix. Please see the chart below for details on the high risk category as it relates to contact tracing:

High Risk	Very High Risk
<p>Consider implementing fully remote learning.</p> <p><i>If schools remain open for in-person learning:</i></p> <p>In response to staff or student who is COVID-19 positive or who has COVID-19 compatible symptoms (not yet tested), follow COVID-19 exclusion criteria; work with local health department to identify and exclude close contacts according to CDC guidance; refer to guidance on cleaning and disinfection.</p> <p>* Decisions on when ill person's close contacts can return to school are dependent on the ill person's medical evaluation and COVID-19 test results.</p> <p>Restrict activities that involve interaction with multiple cohorts.</p>	<p>Implement fully remote learning</p>

Also starting November 30, we will continue to provide free meals to families. Please be on the lookout for lunch deliveries, which will be made door-to-door to all our students K-8, starting November 30.

Finally, we wish everyone a happy and healthy Thanksgiving. We hope everyone enjoys the next few days. Please contact us with any questions.

Sincerely,

The ATSD Admins
