## Sight Word Tic Tac Toe Board

After completing an activity, color in the box. Do three in a row or fill in the board!

Remember, when you practice sight words be sure to say each letter as you write it to help with motor memory.

Bounce the ball while spelling the word out loud (jump rope or trampoline, too!)	Write the word in sand, salt, or shaving cream on a tray (or in the shower)	Use magnetic letters or Scrabble like tiles to spell the words
Write the word making vowels red and consonants another color	Type the words on the computer - use them later as flash cards	Sky write the word in the air in front of you - say each letter as you "write"
Have someone write the word on your back with their finger and try to guess the word	Take turns saying the next letter to spell the word as you pass a ball back and forth	Write the word on the ground in chalk - say each letter as you bounce the ball on the letter

Other games attached:

**Tic-Tac-Sight Words** - place the paper in a sheet protector, use a dry erase marker to write the words, play tic tac toe, erase and reuse!

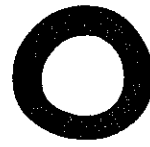

**Bingo** - Have your child write the words on the bingo board in any order, then randomly call a sight word, find the word and cover it with chip. Play until he/she gets 5 in a row.

**Go Fish** - write or type 2 sets of the sight words, use a deck of cards (coated) and tape the words on the cards. Play a game of Go-Fish with your new cards.

# Tic-tac-sight words

Directions: Pick a box, read the sight word, then place an X or an O on top. The first person to get 3 in a row is the winner!
